

TRANSLUCENT

let The Light shine through

Welcome to our annual Global Missions Conference, a four-day event that goes beyond inspiring the church; it's a time to encourage missionaries and their families. Each year our ECHO guest lineup is comprised of the missionaries that Church on the Rock supports on a monthly basis. This conference serves as way for you to personally connect and contribute directly to their missions. This year we are featuring Johnny Gillespie as our conference keynote speaker.

Each evening all campuses gather together to worship, hear firsthand stories from the mission field and an inspiring message from our keynote speaker. We value family and include our kids in the conference by featuring guest missionaries in their classes. Sunday night is a highlight for our kids when we create an exciting opportunity for them to be inspired by missionaries.

Our Saturday Seminar offers you direct interaction with our guest missionaries. Discussions are tailored to their unique backgrounds and expertise and offer interactive Q&A panels.

The conference ends with a celebration dinner that you won't want to miss so we encourage you to invite a friend and get our tickets before the event is sold out.
